

Cargoo²⁺²

TECHNICAL SPECIFICATIONS

Water-resistant hood featuring four windows. Taped seams, and breathable fabric for enhanced durability and comfort. The sides open with robust zippers.

Fenders with an integrated two step boarding platform.

Cover for spokes and finger protection.

Aluminum 6061 rear frame and stainless steel components.

Hydraulic disc brakes on front and rear wheels.

The strong aluminium bars offer protection above children's heads for added safety.

Reflectors for increased visibility in traffic when dark: on the wheels, frame, cabin base and hood top.

Strong, impact-resistant PSPE cabin base without any sharp edges.

Strong steel front frame engineered for extra protection in case of coalition.

Head tube solution. Ensuring stable and dynamic steering properties.

DESIGNED WITH SAFETY IN MIND

Designed with safety in mind, the low seat position within the cabin ensures that children are seated securely. To further enhance safety, the cabin is equipped with robust 22 mm aluminum bars, providing excellent head protection.

You can equip the Cargoo²⁺² with a full-cover hood or a sunshade for adaptable coverage. For added convenience, a kickstand can be installed to ensure stability, allowing children to easily and independently enter and exit the cargo bike.

ONBOARDING WITH EASE

Engineered with fenders that feature an integrated boarding platform. This provides convenience, allowing children to climb aboard with ease.

IDEAL FOR FAMILIES AND CHILDCARE

Cargoo²⁺² is designed to accommodate up to four children facing each other in its spacious cabin, making it an ideal solution for larger families or group outings. This setup allows for easy interaction and communication among the children during the ride.
